Page 1: After reviewing the LB iLearn course, complete the following questions based on your expertise.

Q1 What is the name of the course you are evaluating?

CS 120 Digital Literacy

Q2 Describe the background, expertise, experience, qualifications and education that make you qualified as a Subject Matter Expert to review this course.

See resume/vita.

Q3 Are the outcomes for the course appropriate to what students should be able to do or know to be successful in the profession and/or field?

Yes,

Explain.:
Credit Unit 1 has an outcome of "Understand what a computer network is, identify different types of networks, and recognize threats to security and privacy." However, this outcome does not appear in any of the modules 1-5 that are a part of this credit unit. In fact, course outcome #5 on the home page never shows up within any of the modules. Perhaps this should be removed.

Q4 Do the skills taught in the course prepare students for the profession?

Yes

Q5 Does the course holistically contain appropriate content related to the profession?

Yes

Q6 What recommendations so you have for improvement that would make the course better align with the profession?

None.

Q7 What content needs to be developed to meet upcoming industry needs?

None.
