Student Name: _____ N# _____ Date: _____

This hands-on assessment requires that each student successfully demonstrates each of these tasks to the instructor's satisfaction. There is no grade for this assessment.
Prior to taking this assessment, the student must pass (minimum of 80%) the Knowledge and Application Assessment.
The student cannot proceed to the HOA for the next module without completing this HOA

Check	#	Skills Task
_____	1.	Create a new SLC-500 project, as specified by the instructor. The ladder program will be displayed in this document
_____	2.	Set the default directory in RSLogix500 as specified by the instructor
_____	3.	Configure the I/O
_____	4.	Download the project to an SLC-500 processor
_____	5.	Add the specified symbols and address descriptions either online or offline
_____	6.	Put the processor into the Remote Run Mode
_____	7.	Explain the operation of the program to the instructor
_____	8.	Toggle the symbols and address descriptions on/off
_____	9.	Upload the project to the hard drive of the program panel

The following program is what the student will perform the skills tasks on:

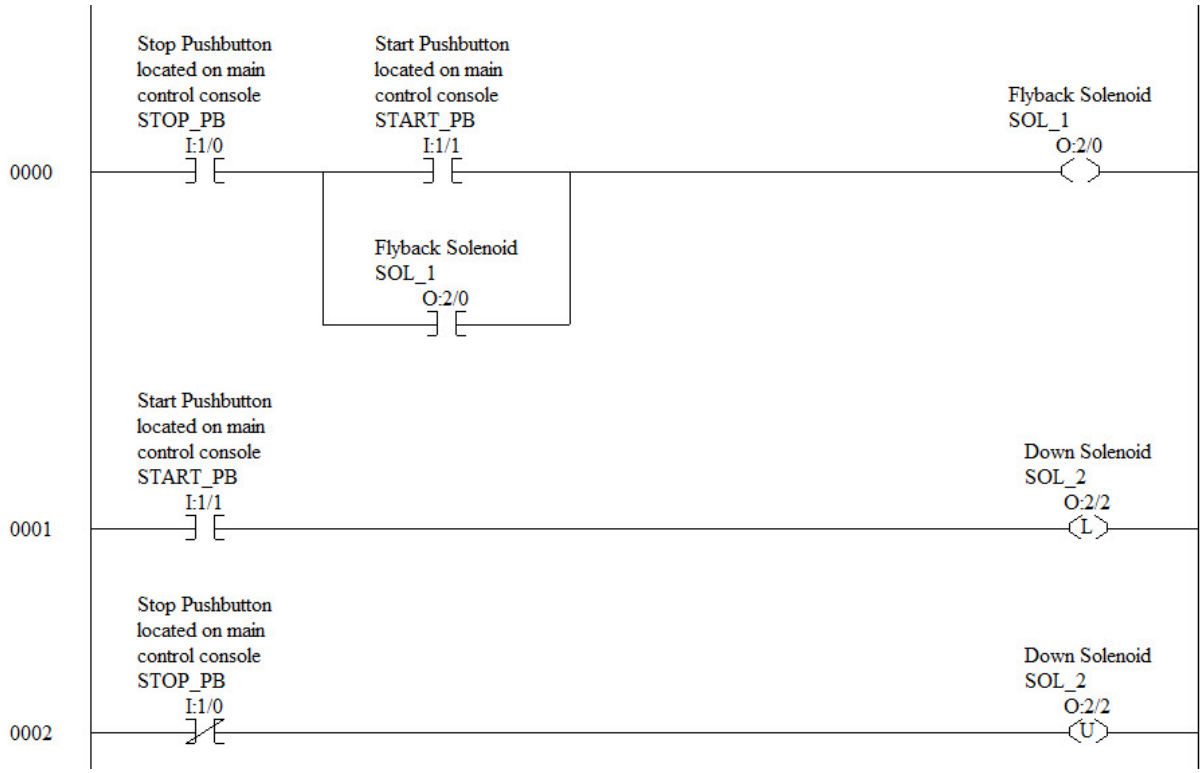

Figure 1. Ladder logic program for SLC-500.
