Development was funded by the Department of Labor (DOL) Trade Adjustment Assistance Community College and Career Training (TAACCCT) Grant No. TC-22525-11-60-A-48; The National Information Security, Geospatial Technologies Consortium (NISGTC) is an entity of Collin College of Texas, Bellevue College of Washington, Bunker Hill Community College of Massachusetts, Del Mar College of Texas, Moraine Valley Community College of Illinois, Rio Salado College of Arizona, and Salt Lake Community College of Utah.

This workforce solution was funded by a grant awarded by the U.S. Department of Labor's Employment and Training Administration. The solution was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties or assurances of any kind, express or implied, with respect to such information, including any information on linked sites, and including, but not limited to accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability or ownership.

YouTube® Tutorial

This tutorial will show you how to create child pages. Follow the instructions to complete Assignment 9h: YouTube®.

Getting Started

As you know, **YouTube.com**® has become the primary community warehouse for video resources. Suppose you were interested in creating a series of videos regarding your business and you wanted to make them available through your website. But you did not want to actually host them on your website. You will need to install the videos on **YouTube**® and then provide a link to them from you website pages.

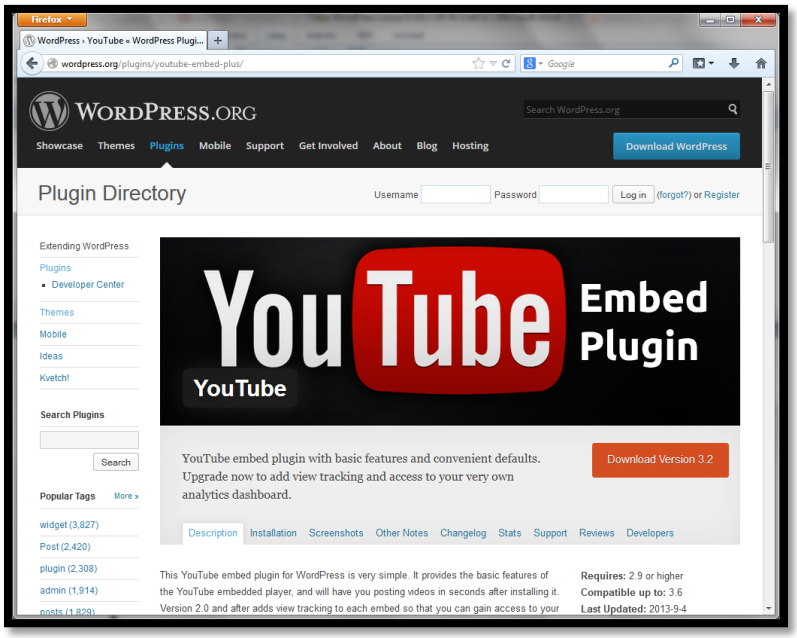

Figure 1 WordPress

1. Go to the following link:

   YouTube Embed Plugin

   - Download the software – from the Plugin Directory
   - Upload the software – to your website
   - Activate the **Plugin**
   - Open a new blog post on your **Blog** page

   For your title use the following:

How to Use WordPress (1 of 7) – Introduction (by Bluehost.com)

2. Click on the following link and copy the URL from the address bar:

How to Use WordPress (1 of 7) – Introduction

3. Next, in the text area of your post copy and paste that URL:

http://www.youtube.com/watch?v=w9OhG7Wx1CY&feature=c4-overview-vl&list=PLCAC66DEEFFEDD36E

4. Finally, open another tab or window to your website, click on your **Blog** page, and you should see and be able to play the video.

Please note that browsers can sometimes have difficulty displaying content. If you are using one browser and it does not appear to work, try a different browser. Yes, they should all work the same, but they don't.

5. To complete this assignment, post two (2) additional ***How To Use WordPress*** videos by Bluehost.com on your **Blog** page.

Turn in: A screen print of your **Blog page** showing your posted videos.
